

MVA Search Tree

LCV

2025

Version 1.0

LCV

Should the red error message or the VRM not found message appear please use the search tree function to find your vehicle.

VRM Search Notification

The vehicle details have not been found.

Either the VRM is incorrect or our VRM data suppliers were unable to provide the information required for Glass's to make the match.

Please check the VRM and search again, use the manual valuation search tree, or add as an unqualified vehicle.

[Search Tree](#) [Add Unqualified Vehicle](#) [Cancel](#)

This vehicle is currently not valued by our editorial team.

Please note that we no longer offer a telephone valuation service for unvalued vehicles. However, if you feel this vehicle should be valued please email the vehicle details to customer@autovistagroup.com and our editorial qualification team will log this vehicle with our editors for **consideration in future updates**.

SEND VALUATION REQUEST FEATURE NOW WORKING:

Market Value Assessor customers can use the valuation request functionality by clicking the "Send Valuation Request" button. These valuation requests will also be sent to our editorial qualification team **for the same consideration**.

[Back](#) [Save Vehicle](#) [Send Valuation Request](#)

For the search tree function to work the customer will need to provide the relevant information which they should have from their own customer. THIS IS ESSENTIAL

Default will be set to passenger car – select drop down for light commercial vehicle (LCV)

Criteria for search:

Valuation month	Wheelbase / roof hight (If applicable)
Make	Type of van (e.g panel van, refrigerated)
Model	Transmission
Derivative	Break horsepower
Engine size	Date of registration
Fuel type	Mileage (can select average should the mileage not be available)

Searching for a: Ford Transit 330 L3 H3 Panel Van130PS 2.0TDCi 20/20 plate manual EU6

Please use below step-by-step guide to finding the vehicle

1. Press on the search tree button found to the left of the find button. Then the search tree window will appear below

The screenshot shows a web interface with three main sections. On the left, there are input fields for 'Enter VRM', 'Enter Mileage', a checkbox for 'Use Ave Mileage', and a dropdown for 'Dec 2024'. Below these are 'Search Tree' and 'Find' buttons. The middle section is titled 'Step 2: Select Vehicle' and is currently empty. The right section is titled 'Step 3: View Valuation' and is also empty. Below this, there is a 'No VRM Search' section with dropdowns for 'Valuation Month', 'Passenger Car', 'Make', and 'Model', an 'Enter Mileage' field, a 'Use Ave Mileage' checkbox, and 'Search' and 'Reset' buttons. A 'How to Compare' link and a 'Compare / Value' button are also visible.

2. Fill out the information in the first window starting with valuation month, make, model and then enter the mileage (can select average mileage if no mileage is available).

This screenshot shows the 'No VRM Search' form with the following criteria filled in: 'Dec 2024' for Valuation Month, 'Light Commercial Vehicle' for Passenger Car, 'Ford' for Make, 'Transit' for Model, and '330 L3H3' for Model. The 'Enter Mileage' field is empty. The 'Use Ave Mileage' checkbox is checked. The 'Search' and 'Reset' buttons are visible, along with an 'Advanced Search' link.

3. Once you hit the search button the next window will be populated with the information (see example). You can then select the correct engine size and years that are available.

This screenshot shows the search results window. The search criteria are the same as in the previous screenshot. The results list is populated with the following options:
TRANSIT 330 L3 100PS (2.2TDCi 13-)
TRANSIT 330 L3 105PS (2.0TDCi 16-)
TRANSIT 330 L3 125PS (2.2TDCi 13-)
TRANSIT 330 L3 130PS (2.0TDCi 16-)

4. The example we are using is searching for a 330 L3 130PS on a 2020-20 plate once you have found the correct engine/fuel and year press on the selection.

TRANSIT 330 L3 100PS (2.2TDCi 13-)	2.0, 5d Panel Van, 6 speed Man, Diesel, (128bhp) 330 L3H3
TRANSIT 330 L3 105PS (2.0TDCi 16-)	
TRANSIT 330 L3 125PS (2.2TDCi 13-)	
TRANSIT 330 L3 130PS (2.0TDCi 16-)	

Once you have highlighted this will then populate the next window with more information for you to select.

5. You will then need to select the exact transmission and horsepower

2.0, 5d Panel Van, 6 speed Man, Diesel, (128bhp) 330 L3H3
2016 to 2016
1665 PWXH
1616
1666
2016 to 2017
1666 H4XR
1766
1717
2017 to 2018
1766 DQJ3
1717
1767
1867
1818
2018 to 2020
1867 J6DB
1818
1868
1968
1919
1969
2069
2020

6. Now you will need to select the plate that you are looking for in this case a 2020/20 registration plate. Now sometimes the plate you are looking for may appear more than once – for LCVs this can be with different body types.

As we only need a 2020/20 plate there is only one plate to select.

Use Ave Mileage

2020, Ford, Transit, 2.0TDCi (130PS)(EU6) 330 L3H3 Panel Van

Manual gearbox, 6 speed, Panel Van, Diesel, Front wheel drive, 1997cc, 179.0 g/km, G/C: J6DB, N/C: 271183001, V-ID: 716444
 Date of Registration: 01/03/2020
 List Price: £36,864 ▼
